Description

The Tahiti 75 is a high performance catamaran for dream cruising. Especially designed for day chartering, she is the ideal boat for this kind of activity. With her superb lines, this high performance catamaran can hold average speeds of 15-16 knots. In addition to her clever features (lifting gangway, direct anchoring, etc.) the Tahiti 75 has been thought out for easy handling: her sail plan is simple, two trimming zones have been defined which means that a reduced crew of 2 people is quite sufficient for sailing in complete safety. For half day or full day cruising, receive your passengers in style around the bar and punctuate excursions with stopovers for bathing and anchorage in paradise (thanks to the boats' low draft) The Tahiti will seduce you and will enable your quests to discover the joys of sailing in dreamlike conditions.

INVENTORY

LAYOUT OF HULLS:

1 Double cabin in each hull:

Large double berth with foam mattress 10cm thick – stowage lockers – Interior finish, topcoat paint – General lighting – 1 large opening deck hatch – chart table to port – sink to starboard with pressurized cold water.
