

# 365 HTS

The Galeon 365 HTS was created to offer an exciting and sporty look in a compact frame without compromising the interior space available to the passengers. With great handling capabilities and commendable performance, it is a welcome addition to the Galeon third-generation sport cruiser lineup.

The striking exterior catches the eye with its large glass panels and edgy lines and continues to impress upon further investigation. With easy access to the bow, guest will find two front sundecks useful, even more so with the back rests propped up. A large, aft facing, sun pad available in the cockpit is made more convenient with the option to tilt the glass upwards and create an open space.

The main deck offers a comfortable settee, complete with a table with an opposite facing wet bar and a helm station forward. Down below find a compact saloon with a galley, bathroom and two double guest cabins. A variety of interior designs will allow for customization while several engine options will guarantee a desired level of performance.

The 365 HTS is yet another sport cruiser in the Galeon range that boasts great performance and handling capabilities. Enjoy your time on the main deck thanks to a clever cockpit layout or take respite down below in one of two cabins awaiting the guests.

Slide the roof open to let the breeze in —

Supreme handling and performance —

Close the cockpit doors for a quieter ride —

# 365 HTS
