

360 FLY

The Galeon 360 FLY joins the acclaimed third-generation flybridge lineup to bring a series of innovations to this highly competitive segment. Expect great space management on all three decks, competitive performance and a high level of finish of the customizable interior. The cockpit area is fitted with an L-shaped sofa with a drop-down backrest and wide steps that lead to the flybridge. Move the glass door out of the way,

flip the saloon seat to face the aft and create an even larger area for activities. Up top, a double driver's seat and a leisure area await guests, while the more adventurous ones might opt for the bow sundecks or the innovative front seat for a thrilling ride.

Inside, a large comfortable seating area faces the well-equipped galley with the helm station moved forward. The driver is sure to appreciate the starboard sliding door that allow for easy access to the bow when mooring. Find an incredible three cabin layout down below, complete with a shower fitted bathroom. Bunk beds in the guest cabin boost the number of berths down below to six, perfect for large families. All cabins offer standing height and extra storage that comes handy during longer cruises.

Flybridge line

A recent premiere, the 360 FLY brings a breath of fresh air to the compact flybridge category. With a clever interior layout, it offers a surprisingly roomy living arrangement on board with three cabins down below. The striking exterior is a staple of the Galeon design.
