Information & Features

2017 YANMAR 260hp (Engine 1)

Type: **Inboard**
Fuel Type: **Diesel**
Power: **260 hp**

2017 YANMAR 260hp (Engine 2)

Type: **Inboard**
Fuel Type: **Diesel**
Power: **260 hp**

Dimensions

LOA: **13 m 1 cm** Max Draft: **0 m 94 cm**
LWL: **12 m 44 cm**
Beam: **6 m 73 cm**

Weights

Dry Weight: **11,714 lb**

Tanks

Fuel: **264 gal**
Fresh Water: **206 gal**
Holding: **29 gal**

Accommodations

Cabins: **4**
Heads: **2**

Other

Hull Shape: **Catamaran**

Electrical Equipment

- Shore Power Inlet
- Inverter

Electronics

- Depthsounder
- Log-Speedometer
- TV Set
- Navigation Center
- Plotter
- Autopilot
- Radio
- Compass
- GPS
- Cockpit Speakers
- VHF

Inside Equipment

- Electric Bilge Pump
- Oven
- Microwave Oven
- Electric Head
- Refrigerator
- Deep Freezer
- Battery Charger

Outside Equipment/Extras

- Cockpit Cushions
- Cockpit Table
- Swimming Ladder

Manufacturer Provided Description

There were no details left unattended in the creation of the new Leopard 43 Powercat, including the hull design, the updated interior, and much more. Built by Robertson & Caine with exterior design by Simonis Voogd Design, the Leopard 43 Powercat replaces the Leopard 39 Powercat. The Leopard 43 PC is a completely redesigned mid-sized catamaran built with the quality foundation that has come to be expected of Leopard Catamarans.

The stepped hull design adds interior volume above the waterline, allowing for roomier accommodations in the hulls without sacrificing the performance of the yacht. With narrower hulls and less wetted surface below the waterline, the Leopard 43 PC reaches an impressive maximum speed of 24 knots and maintains exceptional fuel efficiency consistent with all Leopard power catamaran models.

The Leopard 43 PC features a large flybridge which includes a grill, wet bar and direct access to the sunbathing platform found forward. Inside, the galley of this powercat is located forward and the forward-facing settee and table are now located aft. This layout, with sliding glass doors between the settee and aft cockpit seating area, plus a large window forward and access door to the bow, allow for nearly 360-degree panoramic views and create a feeling of continuous indoor-outdoor living space.
